**Holger Rune**

“Yeah, one good thing is that it's not too new for me to stay in the semifinals. I've done one before, so a year of experience more than I had last year. So of course, it's great and yeah, just looking forward to it really. Obviously today was a physical battle, tomorrow it's going to be, you know, maybe physical battle. I could imagine. So, if we both play great. So, yeah, I'm just looking forward to being in another semifinal here. The crowd was amazing today, so really enjoy playing here in Acapulco”

“I really wanted to go [Los Cabos], heard all the good things about it. But yeah, as I said, in order to be fully fit here, I needed that extra week of rest and breakfast and preparation for it's paying off. So far, I'm doing great and just excited to continue.”

“I'm starting to inspire a lot of kids back home in Denmark. It feels great. As bigger we can get the sport in Denmark, the better. I'm trying to carry it as well as, you know, my passion for the sport and trying to play great tennis to inspire young kids and I'm seeing more and more young tennis players from Denmark playing tennis, enjoying it, smiling on the court. So, I think that's very good to see”.
